September 2025

Senior Men's Club, Birmingham, Michigan

President's Letter

Hello fellow members,
Coming off a highly successful Car Show and Picnic the August recess is now behind us. The Tigers no longer have the best record in baseball, we have begun to ask questions about the Lions and our favorite college football teams, and it's time to return to the Club's busy commitment to fall activities. The Strategic Planning and Governance committees continue their missions of continuous improvement of Club administration within the context of a five year look forward. The ad hoc Membership Retention and Engagement Committee is working towards clearly defining what makes the Club attractive to new members and what the Club must do to attract and retain valued members and provide them the opportunity to participate and contribute to the fullest extent possible. Kudos to committee chairs John Rusche, Rick Paul and Bo Tamarelli and their committees.

The 2026 Handbook Committee, chaired by Paul Kovceses has begun its work and will call on us to update our contact information for next year's Handbook. Please cooperate in this effort to make the 2026 Handbook as complete and accurate as possible. Notify us at SMCBHandbook26@gmail.com of any changes in your contact information provided in the current Handbook.

September promises to provide new and exciting programs and opportunities for all of us to enjoy. See our website Special Events tab and these pages for details of the **September 16 trip** to the Ford Piquette Avenue Plant Museum and the **September 29 trip** to the Detroit Institute of Arts. Club member Chris Crossen, a docent at Piquette, will lead our group through the Model T factory. As a prelude to our September 29 a trip to the Detroit Institute of Arts and the special exhibit Guests of Honor: Armor as Fashion, the exhibit curator, Dr. Chassica Kirchhoff will be the guest presenter at our September 26 Friday meeting. Beginning on September 29, more than 20 of our members will participate in the Six Day Project, coordinated by the LifeRemodeled Detroit community hub, focused on beautifying Detroit neighborhoods. This will be the Club's third year participating, and to our credit, our numbers have grown each successive year. I am especially pleased and thankful to be working in tandem with the Club's Foundation which is providing a generous gift to augment the Club's "boots on the ground" commitment to the project. Dick Bradley and Jim Fleck have worked closely with me to make this happen and I thank them! This is yet another example of the Club and the Foundation reaching out and making a substantial and recognizable impact on the greater metro Detroit community.

Once again I am asking each of us to reach out to those members we have not seen in a while. Norm Morrell and Charlie Myers are both adjusting to life style changes and could use a phone call, visit or a greeting card with your good wishes. Visitation and Health Committee chair Rafique Tai or I will be happy to share contact information on members we know who could use a friendly contact. Life members Ron Froehlich and Cliff Wagoner passed during the August recess.

Invited by my Club sponsor and 2015 SMCB President George Stern, I recently attended a luncheon meeting of the Birmingham Rotary. Asked to self-introduce and give a few comments, I reported on our Club and heard an audible gasp in the room when I gave our membership number. As we've learned, membership in Rotary, Kiwanis and other service clubs is generally down. While various reasons are offered for memberships declining, the Senior Men's Club of Birmingham continues to add new members with distinct talents and interests. We offer a wide range of activities and interests in a welcoming environment to make us attractive to new members. Thanks to all of you for introducing friend and relatives to the Club. Your endorsements are our best recruiting tools.

Keep up the good work my friends! I hope to see you this month as we return to commitment, community, and compassion.

Regards,
Ray Buratto

The Golfing Gods Have Smiled!

On August 20 at Glen Oaks Golf Course in Farmington Hills, Dick Bradley accomplished every golfer’s dream—a Hole in One on the par-three, 110-yard sixth hole. With odds estimated at just 1 in 12,500 for the average player, this is no small feat.

Congratulations, Dick! What a shot!

Bugle Presentation VFW Post #334

On Tuesday, August 12, 2025, Mark Donna and I made the drive up to VFW Post #334 in Oxford, just north of Lake Orion. Mark's Marine Corps League Detachment had generously donated a like-new ceremonial bugle, hoping it would find a meaningful purpose in the hands of those who serve. I reached out to my VSO contacts, and we received numerous requests from organizations eager to put it to good use.

After thoughtful consideration, we selected VFW Post #334 as the recipient. Our decision was guided by their ongoing commitment to honoring veterans—this Post provides an Honor Guard at Great Lakes National Cemetery in Holly once a month. Mark formally presented the bugle to Post Commander James Hubbard, who accepted it on behalf of the Honor Guard. We're confident it's found a worthy new home, where its sound will continue to honor those who served.

Special Event – The Annual Picnic and Car Show

[Picnic and Car Show 2025 Photos \(click here\)](#)

The annual SMCB picnic was held on August 13th at Beverly Park. There were over 20 historic/classic cars on display for us to review and perhaps even drool over. Larry Nahigian brought his 50+ year old BMW motorcycle with sidecar to give willing participants a ride through the parking lot.

There was bocce ball and corn hole for us to participate in while we took a break from table chatting with fellow members. The food was voted 10 out of 10 by the members and a special Thank You goes out to the Iroquois Club, along with Dan and Nikki who served us the delicious food prepared by Rubin and his staff.

The chorus was missing a few members this year, but we all managed to sing our hearts out and enjoy the songs. A special thanks to all of the men that helped with the planning, executing and cleaning that went in to the Great Time almost 100 of us enjoyed.

MONDAY AND WEDNESDAY READING GROUPS

Two very different books will be discussed in August. The first is a light-hearted but inspiring self-help story, and the second looks at the frequent failures of social justice movements. Both are likely to promote lively discussions.

The new third Monday schedule has been finalized and is available on the club website. In addition, we will be piloting a "hot books" initiative that will once a year interrupt each groups schedule to discuss a "hot book" dealing with a topic of current interest. Stay tuned for more information.

The two groups will continue to meet via Zoom. As always, all members and their guests are welcome.

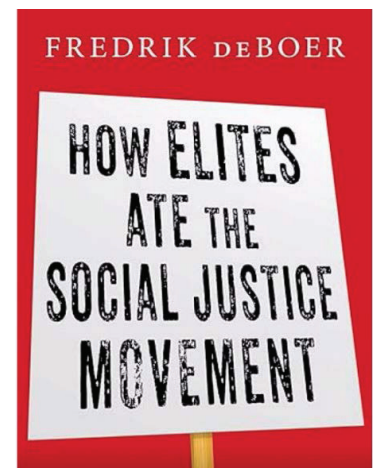

September 3, 2025 at 10:30 AM; Living with a SEAL: 31 Day Training with the Toughest Man on the Planet by Jesse Itzler (New York: Center Street Publishers, 2015) Tom Booth will lead this discussion.

Entrepreneur Jesse Itzler will try almost anything. His life is about being bold and risky. So, when Jesse felt himself drifting on autopilot, he hired a rather unconventional trainer to live with him for a month-an accomplished Navy SEAL widely considered to be "the toughest man on the planet". Living with a Seal is like a buddy movie if it starred the Fresh Prince of Bel-Air...and Rambo. Jesse is about as easy-going as you can get. SEAL is...not. Jesse and SEAL's escapades soon produce a great friendship, and Jesse gains much more than muscle. At turns hilarious and inspiring, Living with a Seal ultimately shows you the benefits of stepping out of your comfort zone.

Noted literary critic LeBron James said, "It's Hilarious".

September 15, 2025 at 3 PM: How Elites Ate the Social Justice Movement by Fredrik deBoer (New York: Simon and Schuster, 2023) This discussion will be led by Paul Lieberman

This book explores why passionate social justice movements failed and how they could succeed in the future. In the digital age, social movements flare up but then lose steam through a lack of tangible goals, the inherent moderating effects of our established institutions and political parties, and the lack of any real grassroots movement in contemporary America. Hidden beneath the rhetoric of the oppressed and symbolism of the downtrodden lies and the inconvenient fact that those are doing the organizing, messaging, protesting, and campaigning are predominantly drawn from this country's more upwardly mobile educated classes. deBoer lays out an alternative vision for how society's winners can contribute to social justice movements without taking them over, and how activists and their organizations can become more resistant to the influence of elites, nonprofits, corporations, and political parties.

From David Leonhardt in the NY Times: "DeBoer's writing can be withering, as the best polemics often are, and few people will agree with all of his arguments. But his central point is important, whether you're part of the political left, center or right: Calling out injustice isn't the same as fighting it."

Looking ahead to October:

Wednesday, October 1 at 10:30 AM: Putin's Mafia State: A Story of Corruption, Control, and the Failure of Democracy in Russia edited by Leonid Nevzlin (Roger Timm)

Monday, October 20 at 3 PM: The Containment: Detroit, The Supreme Court and the Battle for Social Justice in the North by Michelle Adams (Gordon Allardyce)

CLASSIC MOVIE GROUP

The Classic Movie Group presentation for September is **To Catch A Thief**. Robert Sparks is our chairman for this month.

The French Riviera...two luminous stars (Grace Kelly and Gary Grant)...and the Master of Suspense, Alfred Hitchcock, behind the camera. They all add up to one romantic, dazzling screen thriller. Grant plays John Robie, a retired jewel thief once known as "The Cat," who catches the eye of Frances Stevens (Kelly), a pampered, vacationing heiress. But when a new rash of gem thefts occurs amongst the luxury hotels of the spectacular French playground, it appears that "The Cat" is on the prowl once again. Is Robie truly reformed? Or is he deviously using Frances to gain access to the tempting collection of fabulous jewelry belonging to her mother (Jessie Royce Landis). Romantic sparks fly as the suspense builds in this glittering Hitchcock classic that nabbed an Oscar® for Best Cinematography.

Cary Grant and Grace Kelly on the French Riviera highway

To Catch a Thief is often noted for its light tone compared to Hitchcock's darker works. The chemistry between Kelly and Grant was highly praised, and the film is beloved for its charm, sophistication, and visual beauty. Kelly's role as Frances Stevens is seen as one of her most glamorous performances. The Rotten Tomatoes rating was 95%. The film's run time is 1-3/4 hours.

The trailer for this movie can be viewed by pressing the CMG Preview Button on the SMCB Homepage.

The Zoom Link for viewing the film can be found at the top of the Weekly Activities eBlast for the week of August 7. Please join The Classic Movie Group on Monday, September 8 at 1 pm via Zoom for our presentation of To Catch A Thief.

Investment Group

We are looking forward to providing interesting speakers for the Investment Group over the next several months. Our next speaker is Dr. Diane Buffalin who is a psychologist, trained at Albert Einstein College of Medicine in New York.

Dr. Diane's knowledge of Psychology has enabled her to become a very successful Options trader. She will be sharing some of her insights to help us develop greater depth of understanding in selection and managing our portfolios. Dr. Diane specializes in behavioral medicine, who

presents specific techniques to manage stress, improve relationships, health, and achieve a higher level of satisfaction in life. She has received rave reviews and awards for presentations in academic, business and cruise settings.

Along with our speaker we will provide the Stock Game sheets, and all SMC members are welcome to participate in the game!

Join us for an interesting, informative meeting.

Games - August Highlights:

August brought sunshine, spirited competition, and a strong sense of community to the Senior Men's Club.

Annual Scramble This year at The Heathers Club

On August 6th, 36 golfers gathered at The Heathers Club in Bloomfield Hills for our much-anticipated annual scramble. With Stonycroft Hills temporarily closed for renovations, Dave Anderson and the members of The Heathers graciously stepped up to host us. Their hospitality turned a potential hiccup into a memorable day filled with camaraderie, competitive golf, and excellent food. The fairways were lively, the laughter plentiful, and the spirit of the game alive and well.

Club Championship Weekend

Our three-club Championship unfolded across Lincoln Hills and Springdale on August 11th and 14th, showcasing skill, sportsmanship, and a few surprise performances. The final round at Lincoln Hills on September 29th marked the close of the season at that venue.

Club Championship Weekend

Our three-club Championship unfolded across Lincoln Hills and Springdale on August 11th and 14th, showcasing skill, sportsmanship, and a few surprise performances. The final round at Lincoln Hills on September 29th marked the close of the season at that venue.

While Lincoln Hills takes a well-earned rest, play continues at Springdale through October. We're already looking forward to the end-of-season tournament, where rivalries are renewed, and perhaps a few bad shots are quietly forgotten.

SCORE Success Story

Andrew Morsello, an artist from Wyandotte, had a dream—to use art therapy to help people, especially children, manage negative emotions through art. But he wasn't sure how to begin.

That's where SCORE mentors Swarn Rajpal, Larry Powe, and others

stepped in. Together, they helped Andrew develop a business plan, secure IRS 501(c)(3) status, set up his accounting system, launch a website, and create a marketing plan. Today, Andrew leads a team of volunteers bringing art therapy to hospitals, street fairs, and community events.

SCORE helped Andrew so he could help others. Powerful! You can do the same. Be a SCORE mentor—no prior business experience needed. Just bring common sense, a willingness to help, and at least two hours a week commitment.

Our SMCB SCORE team: LaCount, Powe, Rajpal, Vorce, Kafarski, Stevens, Garner, Culp, Reynolds, Burke, Stone, Rappleye, Jacobs, Zeid, McGee, and Jitesh Desai.

Monthly Sports Trivia

Do You Know?

I had a glitch receiving last month's trivia responses so I'm sure I missed many correct responses. However, I did get one correct response from Ray Buratto, our esteemed President of: Gates Brown. The Gator, at 18 years old in 1958 served 22 months in the Ohio State Reformatory prison. The warden contacted several MLB teams, and the Tigers signed him for \$7000 after seeing him hit two home runs over the prison wall in a semi-pro game.

September kicks off the NCAA and NFL football seasons so let's combine the two with a very interesting question. Can you name the FOUR players to win the Heisman Trophy, an NCAA National Championship, and be the first overall pick in the NFL draft all in the same one-year span?

Several may be easy but give it your best guess. Please send your responses directly to me at tdecorte@comcast.net
